Specification

India / common name	Horse chestnut, Aesculus, Conker tree
Scientific name	Aesculus hippocastanum L.
Family	Sapindaceae (formerly Hippocastanaceae)
Part used	Seed
Form available	Seed powder, extract powder
Standardisation	Extract: escin (aescin) 20% / 40% (HPLC / UV)
MOQ	5 kg trial order available, as per buyer request
Origin	Limited in India; sourced to order
Packaging	5 kg trial pack. Samples available. Bulk: Extract powder in foil-lined bags or fibre drums, as agreed
Shipping	FOB or CIF, worldwide by air or sea. Terms and timing confirmed in the quotation

Overview

Horse chestnut (*Aesculus hippocastanum*) is a tree of the Balkans and Western Asia. Its seed is used in European herbal products. It is not mainly an Indian crop, so Faar Earth Collective Exports sources seed powder and extract powder to order through qualified manufacturers. Typical extract grades are escin (aescin) 20% or 40% by HPLC or UV.

Available forms and grades

Seed powder	Dried seed ground to the mesh you need, for traditional preparations and further processing. Not intended for direct consumption.
Extract, escin 20%	A standardised extract with escin of 20%, for capsules, tablets and topical bases where a moderate marker level is enough.

Extract, escin 40%	A more concentrated extract with escin of 40%, for higher-strength supplements and gel or cream actives.
Custom grade and test method	Escin by HPLC or by UV, with limits for esculin and solvent residue agreed up front to match your pharmacopoeia or market.

Applications

Herbal product and supplement brands, cosmetic and skin-care makers, European pharmacopoeia-based formulators.

Leg-health supplements	Capsules and tablets built around standardised escin for circulation and leg comfort, subject to local claim rules.
Topical gels and creams	Escin as an active in leg gels, cooling creams and body-care products.
Cosmetic and skin care	Used in firming, tightening and anti-puffiness preparations.
Under-eye products	Light gels and serums where the extract supports a refreshed look.
Herbal formulations	Combined with butcher's broom, grape seed and other circulation botanicals.
Foot-care preparations	Creams and soaks for tired legs and feet.
Pharmaceutical development	Standardised extract for projects that need a defined escin profile.
Private label and contract manufacturing	Bulk and custom-spec supply for brands, contract packers and formulators.

Buyer notes

Raw horse chestnut seed is toxic and the extract needs the right processing, so ask for the process description and the escin assay. Agree whether the percentage is by HPLC or UV. Request heavy metals, pesticides and microbiology.

Percentages shown are typical commercial grades. The exact grade and test method are confirmed on the COA / TDS for each order.

Packaging and shipping

Typical export packing. The final pack size, terms and documents are agreed with you in the quotation.

Packaging

- **Samples** 5 kg trial order, sealed in a food-grade, moisture-barrier pouch, as per buyer request.
- **Typical packing:** Extract powder in foil-lined bags or fibre drums, as per buyer request.
- Private label and retail packs available on request.

Shipping

- **Terms:** FOB or CIF to your port. Tell us your destination and preferred terms when you enquire.
- **Mode:** samples by air courier. Bulk lots by sea, in full or part container, or by air for urgent orders. Shipped worldwide.
- **Timing:** dispatch time, freight and transit time are confirmed in your quotation.

Documents, labels and storage

- **COA** with every lot. TDS and further test reports on request.
- **Export papers:** commercial invoice, packing list and certificate of origin, plus phytosanitary or fumigation certificates and other documents where your destination requires them.
- **Labels:** product name, grade, batch number, net weight and dates as agreed.
- **Storage:** Store sealed in a cool, dry place away from light and moisture. Shelf life is confirmed on the TDS.

Frequently asked questions

Which grades are available?
Escin 20% or 40%. Other levels on request.

Which test method gives the escin figure?
HPLC or UV. The method is stated on the COA.

What is the minimum order quantity?
A 5 kg trial order is available as per buyer request. Larger quantities as per buyer request, subject to the manufacturer's confirmation.

Which certificates do you provide?
We work with manufacturers who meet the certifications your country requires. Certificates (for example Organic, GMP, ISO, HACCP, Kosher, Halal) and test reports are supplied as per buyer request, with a COA for every lot.

How quickly will I get a quote?
Within 24 hours on working days once you send the product, grade and quantity.

How is Horse Chestnut Extract packed and shipped?
Samples and 5 kg trial orders are sealed in food-grade pouches and sent by air courier. Bulk lots go in lined fibre or HDPE drums, paper bags, PP or jute bags or cartons, in the pack size you agree with us, and ship FOB or CIF by sea or air. The COA travels with every lot, together with the export documents your destination requires.

Why source from Faar Earth Collective Exports

- ✓ Quote within 24 hours on working days once you send the grade and quantity.
- ✓ We work only with validated, qualified manufacturers. Certificates (Organic, GMP, ISO, HACCP, Kosher, Halal and others) are supplied as per buyer request, for your country.
- ✓ COA with every lot. Test reports for assay (HPLC), heavy metals, pesticide residues and microbiology are available on request.
- ✓ 5 kg trial order available as per buyer request. Larger quantities in drums, bags or cartons, FOB or CIF, shipped worldwide by air or sea.
- ✓ Private label, custom standardisation and your own spec. Can't find your herb? We will source it from a qualified Indian manufacturer.

How to order

1. Enquire	Send the product, grade, quantity and destination market by email or WhatsApp.
2. Quote and sample	We reply within 24 hours. Trial orders from 5 kg. Samples available.
3. Confirm specification	Grade, marker compound and test method are agreed and stated on the COA / TDS.
4. Ship with documents	COA and TDS with each lot, plus export documents as required. Packing and terms (FOB or CIF) as agreed.

Packing and container loading

Typical export packing and container loading for Horse Chestnut Extract, by supply form (S.No. 57 in the Faar Earth Collective packing guide). Choose the form you need. Loads are approximate, and the final pack size, terms and documents are agreed with you in the quotation.

Form D	Powders: spice, herb, root, fruit, flour, husk
Typical packing and net weight	Multi-wall paper bag (3 ply) or PP bag, 20 kg or 25 kg net
Inner protection	PE liner; moisture-barrier bag for fine or hygroscopic powders
About 20 ft container (FCL)	About 8-12 t
About 40 ft container (FCL)	About 16-20 t
Notes	Light powders such as psyllium husk and leaf powders load lower. Palletise and stretch-wrap.

Form E	Standardised extract powders and high-purity actives
Typical packing and net weight	Fibre drum, 25 kg net (some grades 20 kg), or 5 kg and 10 kg aluminium foil bags in a carton
Inner protection	Double PE liner; foil bag for moisture-sensitive grades
About 20 ft container (FCL)	Large orders only (about 12-16 t of drums)
About 40 ft container (FCL)	Large orders only
Notes	Usually shipped as a few pallets by air or LCL. Protect from moisture and heat.

Before you book

Weight per container depends on bulk density, pack size and whether the cargo is palletised. We quote a load only after the manufacturer confirms the pack size and the forwarder confirms the container. Wooden pallets must be ISPM-15 heat-treated and stamped, or use plastic pallets. Use a food-grade, clean, dry, odour-free container, with a liner and desiccant for sea freight of spices, seeds and powders.

To confirm pack size and freight, email connect@faarearth.com or WhatsApp +91 87008 79647, mentioning "Horse Chestnut Seed Powder and Extract".

MOQ: A 5 kg trial order is available, and samples can be requested. Larger quantities as per buyer request, subject to the manufacturer's confirmation for each product.
Percentages and ranges shown are typical commercial grades. Confirm the exact grade, marker compound and test method on the manufacturer COA / TDS before ordering. This sheet is for information and is not a certificate of analysis.
