Overview

India is the world's largest producer and exporter of turmeric (*Curcuma longa*). We supply whole fingers, powder, curcumin extract (curcuminoids 95% by HPLC), oleoresin and turmeric oil from qualified manufacturers. Standard powder carries about 2% to 5% curcumin. The high-curcumin Lakadong grade (7% to 12%) is available on request.

Available forms and grades

Whole fingers	Dried turmeric rhizomes for buyers who grind, polish or process locally.
Powder	Fine turmeric powder with curcumin typically 2 to 5%. Lakadong powder reaches 7 to 12%.
Curcumin extract	Standardised to curcuminoids 95%, verified by HPLC. Used in capsules, tablets and functional foods.

Oleoresin	Concentrated extract carrying colour and flavour, used in foods and seasonings.
Turmeric oil	Steam-distilled essential oil from the rhizome for flavour, fragrance and personal care.

Applications

Food and spice processors, seasoning and sauce makers, natural colour users, supplement brands and cosmetic ingredient buyers.

Nutraceuticals	Capsules, tablets and softgels using 95% curcumin extract.
Food and seasoning	Spice blends, curry powders, sauces, beverages and natural colour.
Cosmetics and personal care	Creams, masks and traditional skincare formulations using powder or oil.
Natural colour	Yellow colouring for foods, using powder or oleoresin.

Buyer notes

Ask for a lead test and confirmation that no synthetic colour or adulterant is present, since this is a known issue in the turmeric trade. EU buyers will also ask for pesticide residue and ethylene oxide results.

Percentages shown are typical commercial grades. The exact grade and test method are confirmed on the COA / TDS for each order.

Before you book

Weight per container depends on bulk density, pack size and whether the cargo is palletised. We quote a load only after the manufacturer confirms the pack size and the forwarder confirms the container. Wooden pallets must be ISPM-15 heat-treated and stamped, or use plastic pallets. Use a food-grade, clean, dry, odour-free container, with a liner and desiccant for sea freight of spices, seeds and powders.
